

Why R1's Sustainability Framework is Designed to Support UN SDGs

We believe that our business success is intrinsically tied to how we sustainably impact our stakeholders – our customers, our employees, our communities, and our shareholders. In evaluating how best to initiate ESG reporting at R1, our Board and management elected to align our internal sustainability goals with the UN SDGs to make the greatest impact on solving sustainable development challenges in our society and best reflect our strategy to serve our customers and employees responsibly.

In September 2015, the UN adopted 17 SDGs to drive solutions to overcome global challenges, such as climate change, lack of diversity and equality, suboptimal working conditions, and job opportunities. As an industry leader in providing revenue cycle management solutions to our customers, we will continue to serve our stakeholders responsibly while also making the greatest contribution to fighting global sustainability challenges.

In our 2020 inaugural ESG Report, we have linked the above-referenced R1 ESG focus areas with the UN SDGs listed on the right:

SDG 3

Good Health and Well-Being

Ensure healthy lives and promote well-being for all at all ages

SDG 5

Gender Equality

Achieve gender equality and empower all women and girls

SDG 8

Decent Work and Economic Growth

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

SDG 9

Industry, Innovation and Infrastructure

Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

SDG 10

Reduced Inequalities

Reduce inequality within and among countries

SDG 11

Sustainable Cities and Communities

Make cities and human settlements inclusive, safe, resilient and sustainable
